All you need is love... transcends the conventional focus on romantic relationships, delving deeper into the universal concept of love in its myriad forms. In this exhibition, 9 artists explore the profound and multifaceted nature of love, extending beyond the confines of romance to encompass connection.

Looking beyond the confines of romantic sentimentality, Artas Galeri invites viewers to embrace a broader, more inclusive definition of love that celebrates the inherent beauty and interconnectedness of all living beings. Love is a poignant reminder that amidst life's complexities, it has the universal power to heal, inspire, and unite humanity.
